

ABSTRACT SUBMISSION TEMPLATE AND AUTHOR INSTRUCTIONS FOR THE 2021 SESOC CONFERENCE

1stAuthor¹, 2ndAuthor², 3rdAuthor³, ...

ABSTRACT: *This MS-Word example provides instructions for authors who write a paper for the SESOC 2021 Conference. It is written in the same format as the format of the papers so that it can be used as a model. Please ensure your abstract is converted into a PDF before uploading. The abstract is written in Times New Roman and starts with the word 'ABSTRACT:' in 10 pt bold capital letters. Type your paper title over no more than 3 lines. There are 2 blank lines between title and author names. Leave 5 blank lines (60 pt) between authors and abstract. Authors' names are typed in Times New Roman 12pt bold. Each name has an endnote reference inserted which provides the author's title, institution (if applicable) or company and email address. The remaining text must use a 10 point italicised font. Type a short abstract of the paper. For this Abstract submission, provide up to 1x A4 page in English language. The abstract is not an introduction to the subject but a summary of the intended paper. It must explain the objectives, the tools and the conclusions. Ideally it will present the context, the location and the relevant time/date.*

¹ 1stAuthor, Department of Technology, Auckland University of Technology. Email: 1stauthor@aut.co.nz

² 2ndAuthor, Earthquake Engineering Department, Canterbury University. Email: 2ndauthor@canterbury.school.org

³ 3rdAuthor, Department of Civil Engineering, Institute of Concrete Technology, Timaru. Email: 3rdAuthor@conc.org
